

Self-assessment form

This self-assessment form should be completed by the complaints officer, and it must be reviewed and approved by the landlord's governing body at least annually.

Once approved, landlords must publish the self-assessment as part of the annual complaints performance and service improvement report on their website. The governing body's response to the report must be published alongside this.

Landlords are required to complete the self-assessment in full and support all statements with evidence, with additional commentary as necessary.

We recognise that there may be a small number of circumstances where landlords are unable to meet the requirements, for example, if they do not have a website. In these circumstances, we expect landlords to deliver the intentions of the Code in an alternative way, for example by publishing information in a public area so that it is easily accessible.

Section 1: Definition of a complaint

Code provision	Code requirement	Comply: Yes / No	Evidence	Commentary / explanation
1.2	A complaint must be defined as: <i>‘an expression of dissatisfaction, however made, about the standard of service, actions or lack of action by the landlord, its own staff, or those acting on its behalf, affecting a resident or group of residents.’</i>	Y	<ul style="list-style-type: none"> Defined in our Complaints Policy (Section 2.1) and procedure Defined on our website Reinforced in staff training programme and training document provided to all staff. 	<ul style="list-style-type: none"> We use the Code definition consistently across the organisation and treat any expression of dissatisfaction as a complaint where the resident wishes to pursue it. Complaints are recorded on our housing management system (MRI) and discussed at contractor/managing agent meetings to ensure actions and learning are captured and tracked.
1.3	A resident does not have to use the word ‘complaint’ for it to be treated as such. Whenever a resident expresses dissatisfaction landlords must give them the choice to make complaint. A complaint that is submitted via a third party or representative must be handled in line with the landlord’s complaints policy.	Y	<ul style="list-style-type: none"> Staff training at away day. Where a complaint is raised by a representative/third party, we handle this in line with the policy, confirming communication preferences and any authority/consent where appropriate.
1.4	Landlords must recognise the difference between a service request and a complaint. This must be set out in their complaints policy. 1.5	A complaint must be raised when the resident expresses dissatisfaction with the response to their service request, even if the handling of the service request remains ongoing. 1.6	An expression of dissatisfaction with services made through a survey is not defined as a complaint, though wherever possible, the person completing the survey should be made aware of how they can pursue a complaint if they wish to. Where landlords ask for wider feedback about their services, they also must provide details of how residents can complain. Section 2: Exclusions

Code provision	Code requirement	Comply: Yes / No	Evidence	Commentary / explanation
2.1	Landlords must accept a complaint unless there is a valid reason not to do so. If landlords decide not to accept a complaint, they must be able to evidence their reasoning. Each complaint must be considered on its own merits	Y	<ul style="list-style-type: none"> • Complaints Policy (Section 3) • Template letter for not accepting complaint is a guidance to ensure there is a valid reason • Quarterly reports to Board include complaints that have not been accepted. 	<ul style="list-style-type: none"> • We take a ‘default accept’ approach and only decline where there is a valid, evidenced reason in line with the policy. • Decisions not to accept are documented (including rationale) and reported through quarterly Board reporting for transparency and oversight.

2.3	Landlords must accept complaints referred to them within 12 months of the issue occurring or the resident becoming aware of the issue, unless they are excluded on other grounds. The triage process records the factors considered (e.g. vulnerability, ongoing issues, barriers to complaining) to support consistent, fair decision making.
2.4	If a landlord decides not to accept a complaint, an explanation must be provided to the resident setting out the reasons why the matter is not suitable for the complaints process and the right to take that decision to the Ombudsman. If the Ombudsman does not agree that the exclusion has been fairly applied, the Ombudsman may tell the landlord to take on the complaint. Section 3: Accessibility and Awareness

Code provision	Code requirement	Comply: Yes / No	Evidence	Commentary / explanation
3.1	Landlords must make it easy for residents to complain by providing different channels through which they can make a complaint. 4.1	Landlords must have a person or team assigned to take responsibility for complaint handling, including liaison with the Ombudsman and ensuring complaints are reported to the governing body (or equivalent). Section 5: The Complaint Handling Process

Code provision	Code requirement	Comply: Yes / No	Evidence	Commentary / explanation
